

DESCRIPTION

Natco cast iron tank flange unions are designed for use on bolted tanks for piping connections. The tank flanges come in various sizes and are constructed of cast iron and dipped in galvanized metal. The galvanized metal protects the flange from corrosion and rust. Tank flanges come complete with bolts, nuts and two neoprene gaskets.

ORDERING INFORMATION

Tank Flange

Part No.	Description	Size	# Holes	Weight
31991100	Tank Flange	1"	3	3 Lbs
31991200	Tank Flange	2"	4	7.5 Lbs
31991300	Tank Flange	3"	4	14 Lbs
31991400	Tank Flange	4"	5	19 Lbs
31991600	Tank Flange	6"	6	40 Lbs
31991800	Tank Flange	8"	8	64 Lbs

Tank Flange Gaskets

Part No.	Description	Size
47552010	Tank Flange Neoprene Gasket	1"
47552020	Tank Flange Neoprene Gasket	2"
47552030	Tank Flange Neoprene Gasket	3"
47552040	Tank Flange Neoprene Gasket	4"
47552060	Tank Flange Neoprene Gasket	6"
47552080	Tank Flange Neoprene Gasket	8"

*Quantity of 2 needed per tank flange

Tank Flange

Bolt & Nut Sets

Part No.	Description	Size
65281211	Tank Flange Bolt & Nut Set	2"
65281315	Tank Flange Bolt & Nut Set	3"
65281316	Tank Flange Bolt & Nut Set	4"
65181317	Tank Flange Bolt & Nut Set	6"
65281318	Tank Flange Bolt & Nut Set	8"

Tank Bolts

Part No.	Description	Size
65281205	Tank Bolt c/w SQH HD Nut	1/2" X 1"
65281206	Tank Bolt c/w SQH HD Nut	1/2" X 1.25"
65281207	Tank Bolt c/w SQH HD Nut	1/2" X 1.5"
